You will interview leading analysts, experts and government officials in their areas of expertise. The interviews usually take place in an intimate setting, often the interviewee's office. When appropriate, you might incorporate information gained from interviews into your final research paper due at the end of the course. You will also visit cultural sites, museums, and beautiful Guanajuato. Earn three CRMJ credits during this two week program!

## ABOUT THE CITY

The CIEE Study Center at the Universidad de Guanajuato is located in the colonial city of Guanajuato, about four hours north of Mexico City. Nestled in a wrinkled valley, Guanajuato boasts a spectacularly colorful and gravity-defying architecture. With a population of 150,000, Guanajuato remains a conservative and provincial city; however, it is intellectually richer and more diverse than one might expect, thanks in large part to the vibrant presence of the Universidad de Guanajuato.
