Sun Moon Lake 日月潭 **3-day Excursion**

Sun Moon Lake is the largest body of water in Taiwan as well as a tourist attraction. Situated in Yuchi, Nantou, the area around the Sun Moon Lake is home to the Thao tribe, one of aboriginal tribes in Taiwan.

Jiufen was founded during the Qing Dynasty, this small town was a relatively isolated village until the discovery of gold during the Japanese occupation in 1893, quickly developing the town due to a gold rush. Many buildings in the town remain unchanged to this day. During World War II, the town housed a Japanese prisoner of war camp where captured Allied Force soldiers (mainly British) were forced to work in the gold mines.
